

# I Found My Rhythm

Christi Warner

Lord! It helps to know that  
I found my rhythm (in you)  
I found my rhythm (in you)  
I found my rhythm Without you  
Life is even tougher than anything (anything)  
Makes one feel the stress of just about anything (anything)  
I know I will survive  
Ooh my Lord  
I want you on my side  
Lord I want you on my side  
I want you on my side Written by: Christi Warner (2008) Afrochica Entertainment
