Business, Yeah

The Preatures

I saw you on the street today you were
Lookin' worse off than I remember
When I held you in my hands, but man
My hands didn't understand what they were holdingAnd now I
I know you live it
I see you live it
For me it's just businessMan I got them jitters again so I
Get up in the morning and I do my stretches
Do you walk around talking to me, do you
Still get that pain in your chest, does it make you nervous?
When I
I know you live it
I see you live it
For me it's just businessMaybe on a colder night in Memphis
Maybe you were calling out to me
I saw you there, you were looking right
Maybe it was 1987, maybe it was 1979
Man I just miss you all the time
Cause I know you live it
I see you live it
For me it's just business
I know you live it
I see you live it
For me it's just business
Business, yeah.
