

Fall Inn

The Ponys

Oh on the first day, I saw your face
and I think I fell, oh it doesn't beat you
do doo doo do do doWell on the second day, in a seeded way
I tried to tell you I can't be thinking life would turn away
do doo doo do do doOh, you know it's so good
Oh, you know it's so nice
when you're falling
when you're falling down
with meWell on the third day, you was like, really graceful
when you, you brought someone and it was more than okay
do doo doo do do do doWell on the fourth day, uh, I was mad
I'm sorry if I said it won't, it won't happen again
do doo doo do do do doOh, you know it's so good
Oh you know it's so nice
when you're falling
when you're falling down, babyOh on the fifth day, you said some things
I wanna hear it again, again, and again
do doo doo do do do doWell on the sixth day, oh we, had a way
we lived happily ever after
oh it's the end
doo doo do do do do doOh, you know it's so good
Oh, you know it's so nice
when you're falling
when you're falling down
with me, with me
with you, with you
