

# In My Own Time

## Family

J. Whitney / R. Chapman  
Lay down easy, stars in my eyes  
Try not telling too many lies  
Wake up feeling, not foolish or wise  
And life goes with me, no matter what size  
Now some seek Jesus, of flags they can wave  
Won't touch nothing, unless it's been saved  
But I say your neighbor deserves much more faith  
And answer to yourself when you misbehave  
You may think I'm wasting my time  
Think what you think, you know I don't mind  
But if I don't pick up what you choose to find  
I'll be with you in my own time  
I'll be with you in my own time  
Mine is my freedom you take, I'll defy  
Laugh till I'm tired, sing till I cry\*  
Cause life is a moment you pass with a sigh  
Never comes back sure as yesterday's by (REPEAT CHORUS)
