Hellblood

Bewitched

[Music and lyrics by Vargher]The Flames of Hell shall rise
And burn the angels wing
Look into my Demoneyes
Watch the death they bringSatan - Raise your Fire in me
From christ, this world will be freeWe cast the spell of Blasphemy
To summon spirits out of Hell
We chant satanic sorcery
The bells of Hell will knellFather - Raise the Flame within my soul
Lucifer, you are my Master* We're the Devil's legions
The Horde of the Blackest Fate
We'll slay the twelve disciples
With our hellish, burning Hate
Lords of the Abyss
Bring us all your Might
Open wide the gates of Hell
And burn this world of light[* - vocals by Wrathyr]
