Lost

Dry Kill Logic

Advisory - the following lyrics contain explicit language:

Well, I have nothing, everything's taken from me
Force what's inside, out on those that try to hide
No give all take, this will bend but never break
I see I hate, all the love you try and fakeThese are the things and the ways that will blind you
All alone inside so you follow
On your knees do you spit or you swallow?
Without you, I'm lost, lost3 things ring clear, truth be told is what you fear
So is it true, indifference has spoiled you
How can you fed, ignorance in bliss is real
Soon you'll be gone, and the rest will carry onThese are the things and the ways that will blind you
All alone inside, do you follow?
On your knees do you spit or you swallow?
Without you, I'm lost, lostSee the ways I've, gone and I've tried
Never dismissed, with only one wish
To be seen having to be heard
'Cause it's never been the same since you ignored all thisLife passed you by, having seen the well is dry
All in due time, feeding off the compromise
Fuck that, fuck you, careful what you wish is true
Who will fall last? Having seen the failure passThese are the things and the ways that will blind you
All alone inside, do you follow
On your knees do you spit or you swallow?
Without you, I'm lost, lost
