

# Effervescence

Jox

Pull the pin on your thirst as you taste it's  
Sour cream stain on your dress  
You could clean up your life with a toothbrush  
And fail the chalk / blue-ink test  
Will you take me aboard for the long haul?  
Play your cards close to your chest  
Effervescence  
Saps your patience  
Threatens every single thing I do  
Scene two  
Pack your bags with an eye on the front door  
Leave the clothes that cloud up your mind  
Call a cab with a fifty cent flag-fall  
You're paying for a driver this time  
Complicate everything with a sentence  
Leaving only left me benign  
Effervescence  
Saps your patience  
Threatens every single thing I do  
Every single thing I do  
Every single thing I do  
Every single thing I... do  
Do... Do... Yeah  
Pack your bags with an eye on the front door  
Leaving only left me benign  
Pack your bags with an eye on the front door  
Leaving only left me benign
