

# Skinned

## Static-X

Skinned from within, I'm infected  
Toxic locked in rejected, spreading thin  
Turn it all around, diffusing scene, re-arranging  
Stronger than all as my fortune sets in  
Twenty five pounds that were weighing me down  
Pounds of restlessness, had to kill the innocents  
The body eats itself from the inside out  
Losing my voice, was it worth the fucking price?  
Stretched to the limit, peeling, ignite  
Taking me slowly, it's close and tight  
Stretched to the limit, peeling, ignite  
Taking me slowly, I'm skinned alive  
Twenty five pounds that were weighing me down  
Pounds of restlessness, had to kill the innocents  
The body eats itself from the inside out  
Losing my voice, was it worth the fucking price?  
Stretched to the limit, peeling, ignite  
Taking me slowly, it's close and tight  
Stretched to the limit, peeling, ignite  
Taking me slowly, I'm skinned alive  
Stretched to the limit, peeling, ignite  
Taking me slowly, it's close and tight  
Stretched to the limit, peeling, ignite  
Taking me slowly, I'm skinned alive
