

Back And Forth

Jojo

Boy you can't keep playing, back forth
No time for delaying, back forth
So what is it gon' be? Back forth
Are you checkin' for me? Back forth
I cant go back and forth, yeah, yeah Boy, you need to let me know
Keep sending me mixed signals
You treat me like your girl
'Til your friends come around and then you're playing me out Need to make up your mind
Be careful, boy, you will find
Me with somebody else
Don't let a good thing pass you by, so boy Boy, you can't keep playing
Please hear what I'm saying
No time for delaying
You gotta be sure I can't go back and forth So what is it gon' be?
Can I be the one, boy?
Are you checking for me?
You gotta be sure I can't go back and forth You remember when I'm with somebody else
'Cause you know you want me for yourself
Well stop playing, baby, I'm saying
Just tell me the truth, yeah, yeah Well let me ask you a few questions
Why do you always wanna keep me guessing?
Boy, can you tell me why
You let a good thing pass you by?
So boy Boy, you can't keep playing
Please hear what I'm saying
No time for delaying
You gotta be sure, I can't go back and forth So what is it gon' be?
Can I be the one, boy?
Are you checking for me?
You gotta be sure, I can't go back and forth Back back, forth and forth
Yes or no, baby, please tell are you sure?
Back back, forth and forth
I know you're feeling me, so what you're waiting for? Back back, forth and forth
Yes or no, baby, please tell me are you sure?
Back back, forth and forth
I know you're feeling me, so what you're waiting for? Boy, you can't keep playing
Please hear what I'm saying, boy
No time for delaying
You gotta be sure, I can't go back and forth So what is it gon' be?

Can I be the one, boy?
Are you checking for me?
You gotta be sure, I can't go back and forth
Boy, you can't keep playing
No time for delaying
So what is it gon' be?
Can't go back and forth
Are you checking for me, baby?
Back forth
I aint gotta wait for you no more
Back forth
Back forth
Back forth
