Bombshell

Deadsun

Get up, get up, get up
Get up, get up, get up
Get up, get up, get up
Get up, get up, get upGet up, get up, get up, drop the bombshell
Get up, get up, this is outta control
Get up, get up, get up, drop the bombshell
Get up, get up, get goneNow look who's coming, yeah, look who's back
Quick drop the bombshell straight to the track
The 21st century killing machine, burnt on the inside
A five headed team, now I'm not the same, yeah'Cause you're not the same and you're not the same, yeah
'Cause I'm not the same and we're not the same
This could never be the same and we just want to surviveGet up, get up, get up, drop the bombshell
Get up, get up, this is outta control
Get up, get up, get up, drop the bombshell
Get up, get up, get goneGet up, get up, get up, drop the bombshell
Get up, get up, this is outta control
Get up, get up, get up, drop the bombshell
Get up, get up, get goneNow you want to save us and you want it all
And you want the transmit 'cause you want the call
And you were the one that made the worlds collide
But since that has happened you've grown twice in sizeI'm not the same
I'm not the same
I'm not the same
I'm not the sameGet up, get up, get up, drop the bombshell
Get up, get up, this is outta control
Get up, get up, get up, drop the bombshell
Get up, get up, get goneGet up, get up, get up, drop the bombshell
Get up, get up, this is outta control
Get up, get up, get up, drop the bombshell
Get up, get up, get goneGet up, get up
(Drop the bombshell)
Get up, get up
(Drop the bombshell)Get up, get up, get up, drop the bombshell
Get up, get up, this is outta control
Get up, get up, get up, drop the bombshell
Get up, get up, get goneYeah, everybody drop the bomb
You're not the one who sings the song
Yeah, everybody drop the bombYeah, yeah
(Yeah, everybody drop the bomb

You're not the one who sings the song
Yeah, everybody drop the bomb)Yeah, yeah
Yeah, yeah, yeah
Yeah, yeah
Yeah, yeah
