

Just a Minute

Midi Chips

just a minute at a time
will you ever see it my way
 see it my way
 til we can see eye to eye
will you ever take it all away
 take it all away
 i cant fake it
 and you wont try
 i cant leave until you
 find
 that we fall
 behind
theres too much i cant keep in touch
 and thats why i still mind
 that we all
 should find
 another chance to really look
and leave this all behind, all behind
 another time another line
take it back until you find a way
 til you find a way
 that we need to recognize
find a way now how to realize
 why we need to try
