

Baby Raper

GWAR

Baby Raper, sperm creator
Hulking, brutish masturbator
Baby Raper, emasculator
Fleshy flap valve navigator Never leave me, Baby Raper
Melted cum ejaculator
Speckled filth evaporator
High colonic speculator The Baby Raper the Baby Raper
My quest for sex consumes all my life
Being a god I do what I like
I know it hurts you when I fuck a child Cum-sumed with cumming, I've simply gone wild
Drinking and drowning in lakes full of lust
I'll still jerk off even when I cum dust
My sex is my hatred, my penis a tool
My balls are imploding, I'm playing the fool My butt crack is folding
The crap that it's holding
I heap it all over the stool
Oh, Baby Raper I'm the fucking Baby Raper I'm the guy who stiffed the waiter
Mangled public flagellator
Turgid bowel exaggerator
Fleshy flap-valved gladiator
