

# Pool

## Clairy Browne

Let's get our feet wet  
And take off all our clothes  
Let's break the surface  
And we'll see where it goes  
I'm golden honey  
Hawaiian tropical  
I see you melting down  
Like a popsicle  
Hot in the sun; you're blistering  
Looking at me; I'm glistening  
Sugary sweet and cinnamon  
I know what you're missing in  
Hey, here boy you listenin'?  
I'll change your positioning  
Cool as a glass of juice and gin  
You'll be dipping in  
I am that pool for you baby (Jump in, c'mon, get in)  
An' I'll be cool for you, ooh ooh  
I am that pool for you baby (Dive in, skin to skin)  
I wanna keep you cool (Jump in, c'mon, get in)  
(Dive in, skin to skin)  
You look into my eyes  
Aqua, blue and green  
You swim between the lines  
Of my anatomy  
Were in the deep end now  
Its hard to stay afloat  
And we be making waves  
Like nobody knows  
Hot in the sun; you're blistering  
Looking at me; I'm glistening  
Sugary sweet and cinnamon  
I know what you're missing in  
Hey, here boy you listenin'?  
I'll change your positioning  
Cool as a glass of juice and gin  
You'll be dipping in  
I am that pool for you baby (Jump in, c'mon, get in)  
An' I'll be cool for you, ooh ooh  
I am that pool for you baby (Dive in, skin to skin)  
I wanna keep you cool  
Underwater  
Pulling you closer

Hold on if you dare  
Sinking deeper  
Caught up in the current  
Never need to come up for airHot in the sun; you're blistering  
Looking at me; I'm glistening  
Sugary sweet and cinnamon  
I know what you're missing in  
Hey, here boy you listenin'?  
I'll change your positioning (Change your, change your)  
Cool as a glass of juice and gin  
You'll be dipping inI am that pool for you baby (Jump in, c'mon, get in)  
An' I'll be cool for you, ooh ooh  
I am that pool for you baby (Dive in, skin to skin)  
I wanna keep you coolI am that pool for you baby (Jump in, c'mon, get in)  
An' I'll be cool for you, ooh ooh  
I am that pool for you baby (Dive in, skin to skin)
