Woman

Three Dog Night

Carry me away I know your angel eyes can see through me Carry me away Far from the love you give so generously So generously Woman, woman, I got a burning heart I need to call and tell you that's its you that I love I've got a burning heart I need to tell you that's its you that I loveI've got a burning heart I need to tell you that I'll never get enough, yeah Never, never, never, never, never never Never get enough womanWoman, I know you understand The way that I feel, feel can't you hear me? I'm a callin' your name I want to make love to youLord, oh Lord, I want to hold you so much Let me feel all about ya Woman and I got a woman Let me make love to youWoman I love ya Woman oh no, no, no, no Woman oh, no Woman (Carry me away, carry me away)
