Morning Riders

The Temperance Movement

Everybody here lost it all
If you leave him who you gonna call
And a knot will sit inside you
For all of your sins
Your body can't hide it
Nobody wins
Oh yes
Another night another beating
Just like before
Nobody breathing coming by the door
You feel like you're fading
Deeper in doubt
Got the morning riders
They want to drag you ' round town
You look like a stranger
I recognize your frown
Got it all inside us
You know we got it all
And all the gentleman act like fools
All the ladies here breaking a rose
So you try to get inside her
On one of you whims
But you don't want to fight her
'cause you know she's gonna win
Another night, another beating
Just like before
Nobody breathing coming by the door
You feel like your fading
Deeper in doubt
Got the morning riders
They want to drag you 'round town
You look like a stranger
I recognize your frown
Got it all inside us
You know we got all
You know we got it
You know we got it all
You know we got it baby
You know we got it all

Hey, hey, hey, hey
Hey!
You feel like your fading
Deeper in doubt
Got the morning riders
They want to drag you round town
You look like a stranger
I recognize your frown
Got it all inside us
You know we got it all
Feel like your fading
Got the morning riders
They want to drag you 'round town
You look like a stranger
I recognize your frown
Got it all inside us
You know we got it all
