Amaru
The Victim EP/Love, Lies and Therapy
Devotion[Verse 1]Sometimes I look at old pictures
Sometimes I think of what used be
I want to forget all this madness
And I want you, I'll breathe you in with...[Chorus]Devotion!
You're trading all my emotions
Afraid inside, you want to give up, give in, get out
And you just make me want to give up, give in and get out
But I don't really want to
Change the subject this time
'Cause I have nothing I won't give up, give in, get out
'Cause I have nothing to hide (To hide x 3)[Verse 2]It seems you're amazingly selfish
Sometimes I wanna turn off my phone
I hide it, 'cause you're all I'm wanting
And I hide it, this I'm a shame to you[Chorus]Devotion!
You're trading all my emotions
Afraid to fight, you want to give up, give in, get out
And you just make me want to give up, give in and get out
But I don't really want to
Change the subject this time
'Cause I have nothing I won't give up, give in, get out
'Cause I have nothing to hide (To hide x 3)[Bridge]I'll go back to the day we met
Promises you may not, can't forget! (Get!)
I thought that we would last forever
But everything you say was just a lie...[Chorus]You want to give up, give in, get out
And you just make me want to give up, give in and get out
But I don't really want to
Change the subject this time
'Cause I have nothing I won't give up, give in, get out
'Cause I have nothing to hide[Outro]Devotion!
You're trading all my emotions
Afraid to fight (You want to give up, give in, get out)
Devotion!
You're trading all my emotions (And you just make me want to give up, give in and get out)Devotion!
