

# Lets Get Faded

## Gucci Mane and V-Nasty

Baby, let's get faded  
Hell yeah, get wasted  
We can have a little fun  
But you ain't my lady  
She got a pretty little girl  
But it ain't my baby  
When I see her in the club  
The girl drive me crazy  
Man this shit get drastic  
She bounced back like Magic  
Pass the ball like Magic  
She see my flying through traffic  
It's Gucci Mane, you bastard  
And I'm a known shoe-addict  
Got em fallin out the attic  
I'm a real hood classic  
Zaythoven is nasty  
Teamed up with V-Nasty  
Came in a V-12  
You ain't even gotta ask me  
Hundreds falling out my safe  
Hundreds falling out the case  
? on the case  
Half a mil on the bracelet  
Quarter-mil for the anklet  
Got her fixing on her famous  
Money flying out the anus  
My swag near Uranus  
But he ain't my baby  
But she swag something crazy  
Yeah she got a little something  
But it ain't my baby  
Baby, let's get faded  
Hell yeah, get wasted  
We can have a little fun  
But you ain't my lady[Hook][V-Nasty]  
Rozay by the case and we poppin bands  
I see a lot of bad bitches and they all my fans  
Girl, you coming with me. Just cancel your plans

I got Brick Squad with me! Bring all of your friends  
Where the bitches at? Let's all get wasted  
Hella-lights splashing, they know I'm famous  
Bitches bringing money and all them hoes nameless  
Ask a bitch who I am, look who I came with!  
Back drop drop in these sucka's speechless  
Cheerleaders popping ass for hoes in the bleachers  
I got a ho paying rent, another pays for my sneakers  
? she?  
Get a bitch on me, tell her Gucci come here  
BayTL the hottest? this year  
White girls, they say bring more?  
I can't leave a bitch alone, so I'm on the hunt! [Hook]
