

# If It's On

## DAG

See ya later  
If we both get off for free  
Then the ending don't have to be  
Like a purgatory thing  
Just stuck between us all.  
There's a diamond inside your pain  
That you never have to feel again  
If you look in, on behind you  
There's a reason for the fall  
You can try to know what's right  
But it never comes out at night  
And you shiver at the devil  
Down breathing at your feet  
You can sleep within the wrong  
But the memory won't get gone  
The melodrama has to end  
It's just the way it has to be.  
If it's on then I'll have to treat you like a song  
If it's off then I'll have to go to bed without a nitelite on.  
If it's on maybe we could keep it alive  
If it's off, see ya later.  
If you wanna be there for me  
All you gotta do is be  
A diamond in the pain  
You shine a broken smile  
You can talk it to me on the phone  
You can try to get me off alone  
But you're swimming in deep emotion  
For a while  
You bribe me with your face  
You're the only thing I taste  
And I'm never gonna get you  
Out of any peace of mind.  
I won't miss you at all  
Got a picture of your parasol  
I'll remember that you acted like a headcase  
That's the way it has to be
