

U Me

Alx Veliz

How did we get here,
what are we missing
it could be so different
if love didn't live here
as long as you find it
I'll be right behind you
just lay your head relax your mind
let's enjoy the ride just take a breath and press rewind
we going be alright!
do you understand me?
I believe in love.
right here where I'm standing, I can see it all,
I believe in us.
i believe in you,
I believe in u+me.
I believe in love. why do I breathe you
what is this feeling
it could be so easy
if I didn't need you
as long as you find it
I'll be right behind you
just lay your head relax your mind
let's enjoy the ride just take a breath and press rewind
we going be alright
do u understand me?
I believe in love
right here where I'm standing I can see it all
I believe in us
I believe in you... u+me
I believe in love just lay your head relax your mind
let's enjoy the ride
just take a breath and press rewind
we going be alright
do u understand me?
I believe in love
right here where I'm standing I can see it all
I believe in us
I believe in you. u+me.

I believe in love.
