

Gettin' Ready (Live at the Roundhouse, 1976)

UFO

You said, that was that but this is it
How were you to make the pieces fit
Into a plan to start a new life?
Friends pat your back, then stab you with a knife I must be blind, I'm getting ready to be defined
No loose connections 'cause it feels alright
I'm getting ready to hit the line Can you feel me inside and out?
I'm just waiting for you
'Cuz it's alright
Now I know just what I want to do I must be blind, I'm getting ready to be defined
No loose connections 'cause it feels alright
I'm getting ready to hit the line When a day breaks, turns you around
And your world upside down
And the visions fade
Rights and wrongs and just where you've gone I must be blind, I'm getting ready to be defined
No loose connections 'cause it feels alright
I'm getting ready to hit the line Makin' out is such an awful drag
And I could, I could lose my mind
And every time that I turned around
I never knew if I could really find you You said that was that but this is it
How were you to make the pieces fit
Into a plan to start a new life?
Friends pat your back, then stab you with a knife I must be blind, I'm getting ready to be defined
No loose connections 'cause it feels alright
I'm getting ready to hit the line
