

# The Darkness

## The Cat Empire

Well I never asked for nothin'  
I got nothin' in return  
Turn out that there's something  
Letters bound and burned  
Well I know you think you knew me  
Well I thought I knew you too  
I guess I was a fool but...  
That ain't nothing new  
We all fall into... the darkness  
oooh the darkness  
oooh the darkness  
Before the Dawn  
Well I never was wasteful  
with the time I had at hand

Guess I had to chase you  
So I had to understand  
That we all fall into... the darkness  
oooh the Darkness  
oooh the Darkness  
Before the Dawn  
So go get out my records  
If you take one last request  
Tell me that you love me  
that you always did your best  
So I sense I fell into... the darkness  
oooh the darkness  
oooh the darkness  
oooh the darkness
