

# Saved

## Zug Izland

Late again, no time waiting,  
to get what you need,  
still how you feel  
just to keep it real,  
you've never really needed anyone  
to tell you what to be,  
or what u should do,  
this is your dream.....what you want it to be you can be  
saved by love and your faith....Saved by looovvveee..  
Saved by looovvveee..  
Saved by looovvveee..  
Saved by looovvveee..  
Saved by looovvveee..climb the ladder how high do you get  
no one will know..  
when you get time  
pull on trough..  
cant tell just how much time we get  
wish that we knew..  
if its guidance you seek  
look inside of you..what you wanted to be ..  
you can be..  
what you wanted to see  
in front of me..  
what you want you wanted to give  
you have gave..  
saved by love and your faithSaved by looovvveee..  
Saved by looovvveee..  
Saved by looovvveee..  
Saved by looovvveee..  
Saved by looovvveee..  
Saved by..what you wanted to be you can be  
what you wanted to sees in front of me...Saved by looovvveee..  
Saved by looovvveee..  
Saved by looovvveee..  
Saved by looovvveee..  
Saved by looovvveee..
