

# Left Bank

Winifred Atwell

Left Bank Left bank, I'm waiting for someone  
Someone to be my friend  
Outside, traffic's running slowly  
I hear it from my window Without you, I'm getting lost  
Without you, there's no release  
I can't hold the sun  
I can't hold the sun It's raining, love is not around me  
How can it get soak?  
Homesick, this is how I feel now  
This is how you left me Without you, I'm getting lost  
Without you, there's no release  
I can't hold the sun  
I can't hold the sun Without you, I'm getting lost  
Without you, there's no release  
I can't hold the sun  
I can't hold the sun
