

# Crunches (Pikachunes Official Remix)

## Alpine

Hey You said I could never be the courageous one  
But lover I left my heart  
Lover I left my heart for you And I'm about to lose my head  
Hey Hey I don't wanna run away I fall back in your arms, but you make me beg  
But lover I left my heart  
Lover I left my heart for you And I'm about to lose my head  
Hey Hey I don't wanna run away Collecting cold nights with you  
In the future I knew  
You said you loved me, I flew  
It's lies and lust that I'm feeling  
Hey Hey I don't wanna run away
