Your tears and face grew cold
I didn?t know why I was so lost in you

Only scars remain in my angry heart
Then you told me to at least keep the memories
The innocence has disappeared

The light that only shone on me was you
But I can?t be deceived by the trap of time and stay here

Good bye baby Good bye baby
Even if I close my eyes without you
It?s over now
Good bye baby Good bye baby
Even if I can?t ever hold your hand again

Even if I have to walk through an endless tunnel
I can overcome it
And let me say
Good bye baby Good bye baby
I can live without you

Living because I can?t die
I?m afraid I?ll be like that tomorrow
In the middle of a very long life
There will be a day when I forget you
Sometimes I look back at us
Because my efforts are honest to me
I just need to forget yesterday and get back up again
I just need to tie my untied shoelaces and run again

Just like the story of us written in an old diary
I can?t live while being lost anymore
The innocence still remains

Good bye baby Good bye baby
Even if I close my eyes without you
It?s over now
Good bye baby Good bye baby

Even if I can?t ever hold your hand again

Even if I have to walk through an endless tunnel
I can overcome it
And let me say
Good bye baby Good bye baby
I can live without you

I can?t let you see my tears touch the ground
I keep going tic tic tac

My eyes and your lips
When they meet again, we will shine

Good bye baby Good bye baby
Even if I close my eyes without you
It?s over now
Good bye baby Good bye baby
Even if I can?t ever hold your hand again

Even if I have to walk through an endless tunnel
I can overcome it
And let me say
Good bye baby Good bye baby
Now I?m okay without you
