

# The First Time I Loved Forever

[Carol Banawa](#)

The first time I loved forever  
Was when you whispered my name  
And I knew at once you loved me  
For the me of who I am  
The first time I loved forever  
I cast all else aside  
And I bid my heart to follow  
Be there no more need to hide  
And if wishes and dreams are merely for children  
And if love's tale for fools  
I'll live the dream with you  
For all my life and forever  
There's a truth I'll always know  
When my world divides and shatters  
You love is where I'll go
