

Captured My Heart

Jason Nelson

I've been one way one day
Another the next
Trying to please you
Tomorrow I'm this
Devil minded, unstable in my ways
Then your spirit came and changed me I'm saved by your power and grace
I've been saved, what a wonderful change
Because your love is touching my heart
Jesus, your love is touching my heart
Oh Lord
Jesus, your love is touching my heart
I made a decision to give you a try
And nothing else could satisfy
That's when Jesus came where I was
Made me better, gave me his love And I'm saved by your power and grace
Oh Lord, I'm saved, wonderful change
Because your love is touching my heart
Jesus, your love is touching my heart
I'm so grateful that your love has saved me
Yes, I'm saved, what a wonderful change
Because your love is touching my heart
Thank you Jesus for your love
Sing your love has captured my heart
Your love has captured my heart
Because you have restored my life
And you changed my world
And joy overwhelming is mine
You changed my world
Oh, your love has captured my heart, yeah
Your love has captured my heart
Everybody say your love has captured my heart
Come on, say your love
Every say your love
I'm so grateful for you Jesus
Where would I be without you Lord?
I would be nothing without you Lord
Oh I say your love
I was sinking deep in sin
Till I broke the peaceful shores

And I redeemed, escaped the death
Sinking in my You captured me with your love
You captured me with your love
You captured me with your love
You captured me with your love
With your love, with your love
With your love, with your love
You captured me with your love
With your love, with your love
Sing your love captured me

Pick me up

Your love has captured my heart Your love has captured my heart

Your love has captured my heart
I was lost in sin but you picked me up
I was down but you picked me up
You captured me and you won't let go

You won't let go of me Lord

I don't deserve it, oh

But you still held onto me, yeah
You captured me with your love
You captured me with your love
You captured me with your love
With your love, with your love
