I Understand

Eight Legs

Sometimes I feel like giving up
It seems like my best just ain't good enough
Lord if you hear me, I'm calling you
Do you see, do you care all about what I'm going through
And then he says, one more day, one more step
See I'm preparing you for myself
And when you can't hear my voice, please trust my plan
I'm the Lord, I see and yes I understand
But sometimes I feel like I'm all alone
I'm just like a stranger so far from home
I feel like I've done all that I can do
Please Lord give me strength, I'm just trying to make it through
That's when he told me one more day, one more step
See I'm preparing you for myself
And if you can't hear my voice, please trust my plan
I'm the Lord I see you and yes I understand

He knows how much we can bear
And in the time of trouble he promised he would always be there
I understand
The Lord is telling you yes I understand
I am the Lord I see you and yes I understand
I am the Lord I changeth not
I won't forget nor have I forgot
You see every thing works according to my plan
I am God, trust me, I got the whole world in my hand
One more day, one more step
I'm preparing you all for myself
And you can't hear me speaking, just trust my plan
I'm the Lord I see you and yes I understand
I'm the Lord I see and yes I understand
I am the Lord I see what you're going through
Every problem, every trial, every burden, every situation
I understand, I won't leave you
I understand, understand, understand
