

In the Morning

First Aid Kit

In the morning
On your journey to the sea
In the mountains
Your shadows beside me

You crossed the pasture land
And threw your wedding band
Into the great deep
Where you'd rest to sleep
My dear

In the oceans where you lay
Where you've made your grave
They'll find you on the shore
Rosy no more
My dear

In the morning
On your journey to the sea
You crossed the pasture land
And threw your wedding band
Swallowing the seed
Of truth
