A Girl Like You

Half Pint

Word is out
Make some noise
Get yo? shades
The summer?s here
I don?t care
Where we go
Just as long
As you?re somewhere near
Feels like a long time coming
But now the heat is pumping
And the party never stops!
Hit me up, what ya gonna do
The summer?s looking hot with a girl like you
Grab your friends, party by the pool
Give us all you got, jump in, woo-hoo
Here come the boys, here come the boys
Na na na na
Na na na ha
Hit me up, what ya gonna do
The summer?s looking hot with a girl like
Girl like you.
Gotta crush
Grab some ice
Cherry coke
Trying to keep us cool
Make it pop
Turn it up
Gotta dance
Now I just need you (yeh)
Get here let?s make a picture
I?ll post it on my twitter
And the party never stops!
Hit me up, what ya gonna do
The summer?s looking hot with a girl like you
Grab your friends, party by the pool
Give us all you got, jump in, woo-hoo

Here come the boys, here come the boys
Na na na na

Na na na ha
Hit me up, what ya gonna do
The summer?s looking hot with a girl like
Girl like you.
If the girls say truth!
The boys say dare!
Cause we all wanna party
And we really don?t care!
Hit me up, what ya gonna do
The summer?s looking hot with a girl like you
Grab your friends, party by the pool
Give us all you got (all you got, all you got)
Hit me up, what ya gonna do
The summer?s looking hot with a girl like
Grab your friends, party by the pool
Give us all you got, jump in, woo-hoo
Here come the boys, here come the boys
Na na na na
Na na na ha
Hit me up, what ya gonna do
The summer?s looking hot with a girl like.
Don?t stop now
You got me spinning and I can?t slow down
It?s getting late and there?s no more school.
Wanna kick it with a girl like you, like you
I like you (woo-hoo)
Here come the boys, here come the boys
Na na na na
Na na na ha
Hit me up, what ya gonna do
The summer?s looking hot with a girl like
Girl like you.
Hit me up, what ya gonna do
The summer?s looking hot with a girl like
Girl like you.
