

Word of Mouth

Rich Homie Quan

Driveway full of cars, everything paid off
House paid off, bitch paid off
Feel me Nard, my nigga Evan back, man!
Aye Goonie!

Rich Homie Baby! Hard top, windows down, we riding around, them pistols out
Ass stuck up 'cause I'm the shit, you know my ass they kissing now
They ain't seen a real nigga in a minute, heard it's a drought
I ain't tell you 'bout them millions that I stashed off in the couch
Word of mouth, them niggas talkin'
I'm not worried 'bout what they sayin'
Word of mouth, they in they feelings
I don't care what they may think
(Naw nigga) Word of mouth
(Listen up) Word of mouth
Word of mouth (Quan) Word of mouth, they just be talkin'
Heard them niggas in they feelings
Word out mouth, I got a office on the top floor of the building
Word of mouth, they say I got 'em shot
But naw I ain't send 'em, I was broke
Word of mouth, I eat breakfast for dinner
Word of mouth, I had about 40 hoes in the back of the sprinter
Word of mouth, I bought a brand new car
They say it hurt they feelings
Worried 'bout Rich Homie's losses
Naw bitch, I been counting checks
Word around, my neck it froze
I put diamonds around my shit
Word around town, heard these niggas in they feelings
Word around town, they making threats, wanna kill me
But I ain't trippin', laid back sippin', yeah, codeine sippin'
I'm just Lucane kickin' in that Mulsanne Bentley
With the Hard top, windows down, we riding around, them pistols out
Ass stuck up 'cause I'm the shit, you know my ass they kissing now
They ain't seen a real nigga in a minute, heard it's a drought
I ain't tell you 'bout them millions that I stashed off in the couch
Word of mouth, them niggas talkin'
I'm not worried 'bout what they sayin'
Word of mouth, they in they feelings
I don't care what they may think

Word of mouth

Word of mouth

Word of mouth He say, she say, yeah, we call that word of mouth

Heard about all that lame shit she be doing for no reason

Worry 'bout yourself, don't worry 'bout what I'm doing with them people

And when I do it, you the reason I may lie sometimes, girl

But when I do it, I keep it 100, you my puzzle baby

I'm not losing them pieces, we stuck together, we not breaking up

It's you who I needed, and without you, girl, I cried for you

Take a bullet for you, sacrifice my life and die for you

Set my standards high for you

Tall ladder, climb to me

Circle full of millionaires, I'm standing around money

Green Ben Frank lookin' old, light brown money

Got a safe in my mama house, bought the old school with out of town money Hard top, windows down, we

riding around, them pistols out

Ass stuck up 'cause I'm the shit, you know my ass they kissing now

They ain't seen a real nigga in a minute, heard it's a drought

I ain't tell you 'bout them millions that I stashed off in the couch

Word of mouth, them niggas talkin'

I'm not worried 'bout what they sayin'

Word of mouth, they in they feelings

I don't care what they may think

Word of mouth

Word of mouth
