Killing Time

Sick Puppies

I'm paralyzed going out of my mind
Can't seem to help myself
Hear your voice, see your face, call your name
Stuck in a living hell
And I sleep just to leave this reality
Then I wake and it takes you away from me
I can't believe you and I, are out of time
And I never said goodbyeOne more step to the edge, I can't let goYou were the only thing worth living for
How can you go and leave me here, I'm all aloneSo I walk this earth half alive until the day I die
I'm killing time, killing time
For you
Disappeared without a trace, I can't erase
The fact that you're really gone
Living with the memories, It's killing me
I'm barely holding onOne more step to the edge, I can't let goYou were the only thing worth living for
How can you go and leave me here, I'm all aloneSo I walk this earth half alive until the day I die
I'm killing time, killing timeIf only I could find my way to you
I wouldn't have to hurt the way I do
I wish that I could say I'm not okay
Wasting this life awayYou were suppose to be invincible
How can you go and leave me here, I'm all aloneYou were the only thing worth living for
How can you go and leave me here, I'm all alone
So I walk this Earth half alive until the day I die
I'm killing time, killing time, killing time
For you
For you
