

Feel At Home

On

Everyone is gonna like her
Everyone is gonna make her feel at home
I wanted to restore her
Make her feel like the way it did before But that could never happen
Never happens to the people I have known
I hope she can accept this
I hope she's gonna feel at home Because I don't know
If it's what she wants
Because I don't know
If she knows herself
Because I don't know Everyone is gonna like her
Everyone is gonna make her feel at home
I wanted to restore her
Make her feel like the way it did before But I can't let this drown me
There are times when you have to let it go
I hope she can forgive me
I hope she's gonna feel at home Because I don't know
If it's what she wants
Because I don't know
If she knows herself
Because I don't know Because I don't know
If it's what she wants
Because I don't know
If she knows herself
Because I don't know
