

# Old One Better

Tracy Byrd

Well, she said when she left that a change might do me good  
So I took her advice and I did the best I could  
I've gone from this to that 'til I'm nothing like I used to be  
In fact, everyone says I'm a totally different me  
Got a new life but I still like the old one better  
It's nice but it just won't ever quite be the same  
I have everything a man would want but I can't forget her  
Oh, I got a new life but I still like the old one better  
I pulled up my roots in the country and I moved uptown  
Went from a slower pace to running with a faster crowd  
I found a sweet young girl to replace all the love we knew  
But I guess there's just some things that you can't improve  
Got a new life but I still like the old one better  
And it's nice but it just won't ever quite be the same  
I have everything a man could want but I can't forget her  
And, oh, I got a new life but I still like the old one better
