

Only Trust Your Heart

Dionne Warwick

Never trust the stars
When you're about to fall in love
Look for hidden signs
Before you start to sighNever trust the moon
When you're about to taste his kiss
He knows all the lines
And he knows how to lieJust wait for a night
When the skies are all bare
Then see if you careNever trust your dreams
When you're about to fall in love
For your dreams may quickly fall apart
So if you're smart, really smart
Only trust your heartNever trust the stars
When you're about to fall in love
Look for hidden signs
Before you start to sighNever trust the moon
When you're about to taste his kiss
He knows all the lines
And he knows how to lieJust wait for a night
When the skies are all bare
Then see if you careNever trust your dreams
When you're about to fall in love
For your dreams may quickly fall apart
So if you're smart, really smart
Only trust your heartOnly trust your heart
Only trust your heart
Only trust your heart
Only trust your heartOnly trust your heart
Only trust your heart
Only trust your heart
Only trust your heartOnly trust your heart
Only trust your heart
Only trust your heart
Only trust your heartOnly trust your heart
Only trust your heart
