

Star

Gigi D'Agostino

Yes I sit and wonder why
You would tell me a lie
And I stayed up all night
Yes! -All night Should have known from the start
You would have torn me apart
But as long as I
Can survive I'll keep waiting every night
For you to walk back into my life Gotta a hole in my soul
There's no feeling at all
Baby I need so much of your love Like a star you are so far
But I need to find a place in your heart
Like a star you are so far
But I need to find a place in your heart Wanderer star that you are
How do you find a place in my heart
Wanderer star that you are
How do you find a place in my heart Hold me close give me love
Baby I need to find my own paradise
