Silver-N-Gold

Rusted Root

I got a lover, she push my lover aside
'Cause she dont know my bestAnd in my bed, well, I lost my lonely bible
A kickin' through my mess
A kickin' through my mess
When she dont know my bestAnd in my bed, well, I lost my lonely bible
'Cause she dont know my best
'Cause she dont know my best
She lays upon my jestAnd in my bed she will crawl
And in my bed she will crawlSilver, silver-n-gold is light for my baby
We can work it out, we can work it out upon my jest
One, two, three bubble in my bed
Let me, let me child, light for my baby
We can work it out, we can work it out upon my jestDown in my bedroom
Down in my bedroom, my baby
Down in my bedroom
Down in my bed, wont you?Wont you hold me now?
She lay down, the lady dont mind
Wont you hold, hold me now?
She lay down, the lady dont mindWont you hold me now?
She lay down, the lady dont mind
Wont you hold, hold me now?
She lay down, the lady dont mind
Hurtin' kind, hurtin' all the timeAnd in my bed, well, I lost my lonely bible
A kickin' through my mess
A kickin' through my mess
She lays upon my jestI got a lover, she pushed my lover aside
'Cause she dont know my best
'Cause she dont know my best
She lays upon my jestSilver, silver-n-gold is light for my baby
We can work it out, we can work it out upon my jestOne, two, three bubble in my bed
Let me, let me child, light for my baby
One, two, three bubble in my bed
Let me, let me child, light for my babyDown in my bedroom
Down in my bedroom, my baby
Down in my bedroom
Down in my bed, wont you?Wont you hold me now?
She lay down, the lady dont mind
Wont you hold, hold me now?
She lay down, the lady dont mindWont you hold me now?

She lay down, the lady dont mind
Wont you hold, hold me now?
She lay down, the lady dont mind
Hurtin' kind, hurtin' all the time
