

# Show You

## Ashanti

When I look into your eyes there's nothing I wouldn't do  
You know that my heart is strong, but it's so weak for you baby  
It feels just like yesterday you turned my life around  
Oh, I really hope you know I'll never let you down(Cause I'm gonna show you)  
My love is true for only you, my dear  
(I wanna show you)  
How much I care, I'll be right there always  
(I'm gonna show you)  
How good love is, I pray for this to come  
(Just show you)  
You're the only one, the only one for me Even when I'm far away I close my eyes and you appear  
Is this a dream, if so then lets just stay right here  
'cause when I'm in your arms I feel right at home  
Dancing to the beat of your heart, holding you all night long(I wanna show you baby)  
My love is true for only you, my dear  
(I wanna show you)  
How much I care, I'll be right there always  
(I'm gonna show you)  
How good love is, I pray for this to come  
(Just show you)  
You're the only one, the only one for me  
(Cause I'm gonna show you)  
My love is true for only you, my dear  
(I wanna show you)  
How much I care, I'll be right there always  
(I'm gonna show you baby)  
How good love is, I pray for this to come  
(Just show you)  
You're the only one, the only one for me I'm here, I'm gonna show you everything that I mean  
You know you've always given me whatever I need  
I found somebody finally that's perfect for me  
And I wanna show you baby  
I'm here, I'm gonna show you everything that I mean  
You know you've always given me whatever I need  
I found somebody finally that's perfect for me  
And I wanna show you baby(Cause I'm gonna show you)  
My love is true for only you, my dear  
(I wanna show you)  
How much I care, I'll be right there always

(I wanna show you babe)  
How good love is, I pray for this to come  
(Let me just show you, you)  
You're the only one, the only one for me  
My love is true for only you, my dear  
(And I wanna show you babe)  
How much I care, I'll be right there always  
(Let me just show you babe)  
How good love is, I pray for this to come  
(You're the only one)  
You're the only one, the only one for me
