

# Stranded

[Anthony Callea](#)

I didn't want it  
I was alone and doin' fine  
You came along and  
Sweet talked your way into my life  
We started a new day  
You said you'd promise to make it last  
You left me half way, half way to nowhere[Chorus]  
I pulled away from the start  
But you faked you way into my heart  
Leaving me here in the dark, stranded  
I fell for your lies and your pretence  
I gave you my time but in the end  
I'm back in the same place again - stranded  
You left me broken  
You turned my whole world upside down  
You make excuses  
You think you can turn it all around  
But I see right through it  
Now I know what you're all about  
It's like you planned it, to leave me stranded[Chorus]  
I gave you my heart, and you got what you wanted from me  
It's so easy for you but all I can do is watch you leave  
Stranded[Chorus]
