The End

Rose Cora Perry

V1: It's 2 am the world's asleep
Hard, fast and loud does my heart beat
Trying to figure out just how to proceed
I check the locks, climb into bed
Wish that I could turn off my silly head
So much thinking about just what I needPrechorus: For oh so long I've lent my soul
Got slashed and burned, never made whole
And now I've reached a crossroads with a fork
For oh so long this is all I've known
Never really had the opportunity to grow
Beyond just what you see me forV2: It's 2 pm the world's awake
Hard, fast and loud does my heart ache
Trying to figure out just what to create
I turn the knob and look outside
Can't remember the last time I felt alive
So much thinking about
Is this worth all the tears I've cried?Bridge: And I don't know anymore
And I sure as fuck don't feel like I did before
And I don't wanna say goodbye
And I don't wanna admit I failed but tried
Nothing left worth fighting for, nothing left but to close the door
