

# Take Me to You

**Jeff Deyo**

How long must we wait  
To see Your face  
How long must we stand here  
Calling out for YouHow far is heaven  
From the earth  
How far is the distance  
From my heart to YoursRight now, take me away from here  
Away from the cares of this world  
Right here, come sweep me off my feet  
Into Your open armsTake me to You, Lord  
Take me to You, Lord  
Take me, take me  
Take me to You, Lord
