I Think We Fell In Love Too Fast

Leo Sayer

We were just two kids in high school
Who'd never been in love before
Just happened to be together
We never wanted moreWe had one long crazy summer
And life was like a honeymoon
But we couldn't hold back our feelin's
I guess you came along too soonOoh, darlin'
I think we fell in love too fast
Ooh, darlin'
I think we fell in love too fastI was workin' my way through college
When you wrote and told me the news
Said you were gonna have a baby
Yeah, I knew my college days were throughI had to work late to make good money
You saw more of the kid than me
I guess I knew I failed you when
You said that you'd rather be free
You wanted to be freeOoh, darlin'
I think we fell in love too fast
Ooh, darlin'
I think we fell in love too fastWell, I heard you got away to Florida
Got a husband, took the kid
I bet they think the whole world of you
Just like I always didYou were the only one I ever wanted
But I know you can't be replaced
If only we'd met a little later, babe
We wouldn't have made the same mistakesOh, no, no, no
Ooh darlin', yeah
I think we fell in love too fast
I know it nowOoh, darlin', darlin'
I know we fell in love too fast, too fastOoh, darlin'
I think we fell in love
I think we fell in loveOoh, darlin'
I know we fell in love too fast
I know, I know it
