

# Small Axe (feat. King Stitch)

## Buju Banton

Small axe fall big tree  
Though I'm just a baby  
Safe in your arms  
That's where I wanna be  
Small axe fall big treeSmall axe fall big tree  
Though I'm just a baby  
Safe in your arms  
That's where I wanna be  
Small axe fall big treeBeen on your love line for so long  
Won't you be mine age is no crime  
Been loving you every minute every hour  
All I ever needSmall axe fall big tree  
Though I'm just a baby  
Safe in your arms  
That's where I wanna be  
Small axe fall big treeAnd I know you won't  
Treat I like others would  
Warm embrace truly I feel good  
So much to learn this heart inside I burn  
And I'm still be right here waiting my turn
