Don't Go

Judas Priest

Come on, come on now what you say
Somebody say you leave today
What's this thing you're doin' to me
What's this fool you're tryin' to be
You're talkin' nothin' but a load of guff
You're tryin' to put somethin' in my lap, lap
Don't go, please don't leave me
Don't go in the mornin'
Don't go, please don't deceive me
Don't take it away
I do, I do anything for you
You make my stormy clouds blue
Inside out, I'm upside down
Back to front, I'm all around
Don't cha leave me by myself
I don't like it
So don't go, please don't leave me
Don't go in the mornin'
Don't go, please don't deceive me
Don't take it away
Don't go, please don't leave me
Don't go in the mornin'
Don't go, please don't deceive me
Don't take it away
Don't go, please don't leave me
Don't go in the mornin'
Don't go, please don't deceive me
Don't take it away
