The Earth, the Sun, the Rain

Color Me Badd

When I was lost I could not see
All the beauty and wonder wrapping around me
I was alone dreaming of you
Oh, I could not imagine this dream coming true
So much joy now in all that I touch
You make me feel everything so muchI will love you for the earth at my feet
I will love you for the sun in the sky
I will love you for the falling rain, oh, oh
I will love you for the heart that could break
I will love you for the dreams that we share
I will love you for the falling rain, oh, ohFace in the wind, tears from my eyes
Baby, where have you been?
But I was always waiting for you to pull back the door
To take me by the hand and lead me through
This whole world was a stranger to me
Now you have opened my heart to everythingI will love you for the earth at my feet
I will love you for the sun in the sky
I will love you for the falling rain, oh, oh
I will love you for the heart that could break
I will love you for the dreams that we share
I will love you for the falling rain, oh, ohLike a whisper in a dream
You walk softly into my life
With love and sweet emotion
And as I gaze into your eyes
I see the beauty that God has created
And I love you girl now and foreverI will love you for the earth at my feet
I will love you for the sun in the sky
I will love you for the falling rain, oh, oh, oh
I will love you for the heart that could break
I will love you for the dreams that we share
I will love you for the falling rain, oh, oh, ohI will love you for the earth at my feet
I will love you for the sun in the sky
I will love you for the falling rain, oh, oh, oh
I will love you for the heart that could break
I will love you for the dreams that we share
I will love you for the falling rain, oh, oh, ohI will love you for the earth at my feet
I will love you for the sun in the sky
I will love you for the falling rain, oh, oh, oh
I will love you for the heart that could break

I will love you for the dreams that we share
I will love you for the falling rain, oh, oh, ohOh oh oh baby
Yeah
