EZ$$ (Easy Money)

[Devin Townsend](#)

It took two minutes
To piece these three lame riffs together
It it's the same crap that's selling loads
So it may just make my life a little better.
- Punk! Punk! Punk!
(Get out of my way!)
I ain't a metal guy no more!Sitting in my room all day, thinkin' about you.
I've got so many bills to pay, so hey,
I've got some punk rockin' to do!
- Punk! Punk! Punk!
(Is A.O.K.)- We tried metal but it didn't work so
Let us in on the punk rock dough!Give me some of that easy money!
Give me some of that cash!
Two chords later and a house is paid for
Let me in on that punk rock cash!
