Splendid Boyz

Tankard

Early in the mourning hours
We get up to begin our day
Reading letters, smelling flowers
Muscle-training, body-shaveWe're lookin good, really good, yeah so goodDirty dancing turns the girls on
Cause we can't sing anyway
Label boss says: you can't be wrong
Thake the cash, do what I sayYou'll be rich, really rich, yeah so richGo for the money before it's gone
Take all the chances while you're stll young
Go for the money, don't wait too long
You've got the choice, my "Splendid Boys"Pretty baby please believe us
When we sing that we love you
UH-UH-AH and you will black out
But before buy a shirt or twoWe'll be rich, really rich, yeah so richAfter two years we're forgotten
Business goes last today
For a solo comeback I am their man
The company plans always payThey are rich, really rich, yeah so richGo for the money before it's gone
Take all the chances while you're stll young
Go for the money, don't wait too long
You've got the choice, my "Splendid Boys"Early in the mourning hours
We get up to begin our day
Reading letters, smelling flowers
Muscle-training, body-shaveWe're lookin good, really good, yeah so goodGo for the money before it's gone
Take all the chances while you're stll young
Go for the money, don't wait too long
You've got the choice, my "Splendid Boys"
