American Trash

Innerpartysystem

Hey.Hey.I've got this planet in my hands,
you know I'll waste it if I can.
Come on let's give it a twist and if it all turns to sh..
And oh wait, let's try that again.My live's too short to have a plan,
here let my help you understand.
First take this drink and this pill,
relax your mind and be still.Let's find out who I am.'Cause I...I'm just American trash
Stupid American trash
(2x)I've got this planet in my hands,
I'll try to save it if I can.
I'm satisfied with myself, don't care for anyone else.
I'm so united when I stand.I get my facts from the tv,
believe in everything I read.
It's such an ignorant bliss.
When the whole f*..... world wants to be like me.'Cause I...I'm just American trash
Stupid american trash
(2x)I'm just American.And everyone's shutting down,
The people all so worn out.
Wake up, the dream is over.
Wake up, the dream is over.'Cause I (Wake up)I'm just American trash
Stupid American trash
I'm just American trash
Stupid American trashI'm just American
