

Hate Is the Answer

Mind Shredder

So many voices are steering my mind
So many words are crawling inside
The Hell of noise is embracing my cell
I'm tired to breath in their smell
So many preachers are dividing my soul
So many prophets are promising more
This stupid bastle is eating my days
Get out of my personal space

Hate is the answer to all that waste my time
Don't tell me how to live and I will be polite
Hate is the answer to all who scorns my bents
Don't tell me what to do and I'll be tolerant

So many swindlers are trying to fool
So many bastards are defining the rules
I'm tired to be patient the curtains will fall
Get out of my personal world

Hate is the answer to all that waste my time
Don't tell me how to live and I will be polite
Hate is the answer to all who scorns my bents
Don't tell me what to do and I'll be tolerant

Hate
Hate
Hate
Hate

Hate is the answer to all that waste my time
Don't tell me how to live and I will be polite
Hate is the answer to all who scorns my bents
Don't tell me what to do and I'll be tolerant
Hate is the answer to all that waste my time
Don't tell me how to live and I will be polite
Hate is the answer to all who scorns my bents
Don't tell me what to do and I'll be tolerant
