

A Satisfactory World For Reasonable People

Pity Sex

Saw you dancing on TV.
Lick the glass.
You notice me?
I'm in bed with my touch screen.
Extra bright and extra clean.
Breath in.
Aluminum smell of skin.
Leaving.
I don't like the world wherein...
Meet me underneath the white hot din.
Easy.
Nothing matters in a dream.
I mark my path with grease.
A fine imprint of me.
You're stuck between my teeth.
Butterscotch memory.
Mint leaf, I haven't washed you off all week.
Freezing.
There's a space for you beneath...
Tease me.
I won't tell them that you're sweet.
Easy, nothing matters in a dream.
Dancing in a dream.
